

Description

Frame panel door with exotic **Black Apricot** natural veneer finish with silver stripe moldings. The frame is made of **solid wood** planks, connected on micro studs. Honeycomb technology filling is used for noise reduction and keeping the **door slab** lightweight. Lined with MDF and covered with natural high line veneer. Three layers of Becker Acroma nitrocellulose varnish with interim grinding and polish give Avanti its smooth semi-gloss look.

All **interior doors** are coated with natural wood veneer, which require no further treatment of the slab. We use only the finest materials and construction techniques available on the market, which makes our products quality and appearance absolutely superb. Our products are built to last and are covered with a two year warranty guaranteed.
